SAC LETTER 69-76

(G) EMERGENCY DETENTION PROGRAM -- The Department has approved a suggestion that Security Index (SI) subjects currently designated as Priority III be maintained separately. For administrative purposes Priority III subjects will continue to be maintained as a portion of the SI but all decisions relating to such individuals will be made strictly within the Bureau. Priority I and Priority II subjects will continue to be reviewed and approved by the Department. This decision was based on the Department's intention to consider only those individuals in Priority I and Priority II for apprehension in the event the Emergency Detention Program is placed in effect.

All SI cards pertaining to Priority III subjects should be immediately separated from those cards pertaining to Priority I and Priority II subjects and maintained in a separate section of the SI. These subjects will continue to be designated as Priority III and the criteria for including subjects in this category will remain the same. The Department will be completely divorced from any action pertaining to Priority III subjects.

This administrative handling of Priority III subjects should not generate any reevaluation of your SI subjects since any redesignations of Priorities at this time will be carefully scrutinized at the Bureau.

Residence and employment of Priority III subjects should be verified on an annual basis as is the current practice. In connection with this verification, the case file should be thoroughly reviewed for any necessary action to be taken including a reevaluation of the subject's status. This includes removal from Priority III or possible redesignation as a Priority I or Priority II SI subject.

NOT RECORDED
191 DEC 30 1969

As investigations are completed regarding additional security subjects, the investigative results should be submitted to the Bureau by summary-type report along with your recommendations regarding inclusion on Priorities I, II or III. Once an individual is approved for inclusion in Priority III any pertinent subsequent information may be furnished by letterhead memorandum. No investigative reports will be required in Priority III cases subsequent to the initial summary-type report. Reports will continue to be required in Priority I and Priority II SI cases in accordance with Section 87D of the Manual of Instructions.

With the establishment of this procedure, the maintenance of the Reserve Index A (RI-A) will be discontinued at the Bureau. The RI-A will be maintained solely by each field division in the same manner as Reserve Index B is currently handled.

Manual changes will be forthcoming. All surveys and programs in connection with Emergency Detention Program should be adjusted accordingly. Revision of necessary forms will be forthcoming.

Very truly yours,

John Edgar Hoover

Director

It is suggested that forms FD-122a, FD-128a and FD-305a, all utilized in connection with Reserve Index A (RI-A) subjects, be eliminated.

By memorandum to dated 12/12/69, it was recommended and approved that with the establishment of new administrative procedures in handling Priority III Security Index (SI) subjects, maintenance of RI-A would be discontinued at the Bureau. This action eliminates the necessity of forms FD-122a (to include subject on RI-A or change status), FD-128a (change office of origin on RI-A subject) and FD-305a (utilized to indicate status of RI-A subject in connection with submission of reports). RI-A is made up of individuals who have had some subversive affiliation and who are in a position to influence others based on their occupation as teachers, union representatives, lawyers and so forth.

Periodic reports are no longer required in RI-A cases and the above-mentioned forms will have little or no use with the elimination of handling RI-A index cards at the Bureau. The main purpose of utilizing such forms was to maintain RI-A cards in a current status. In the event any changes in the status of an RI-A subject comes to the attention of the field office which requires notifying the Bureau, the Bureau can be advised by letter or other suitable communication.

Sample copies of these forms are attached.

RECOMMENDATION:

10 JAN 5 1970

That forms FD-122a, FD-128a and FD-305a be eliminated.

SUBJECT: DELINQUENCY IN SECURITY AND
RACIAL MATTERS INVESTIGATIONS

It is recommended that we discontinue the practice of analyzing field delinquency in internal security, foreign intelligence and racial matters at the division level. Delinquency in such matters has not increased noticeably as demonstrated by the over-all delinquency in such matters of 5.9% for January, 1969, as compared to delinquency of 5.8% for November, 1969.

Prior to March, 1969, delinquency in such matters was thoroughly reviewed and offices having excessive delinquency were advised by letter of the necessity to reduce such delinquency. Since March, 1969, we have only in rare instances communicated with field divisions regarding excessive delinquency. This was brought about by the moratorium established relating to security investigations.

It is believed that the delinquency in matters handled by the Domestic Intelligence Division can be followed on a section level through review of the monthly administrative reports and any undesirable trends can be called to the attention of the field division by appropriate communication if necessary.

RECOMMENDATION:

That the field delinquency in internal security, foreign intelligence and racial matters henceforth be reviewed by the individual sections within the Domestic Intelligence Division and if necessary appropriate action taken.

Current practice or rule (include manual citation as well as facts) Field Offices are required under Section 87D of Manual of Instructions to check appropriate box under organizational affiliation or Nationalistic tendency when recommending individuals for Security Index or Reserve Index.			
Advantages of suggestion and annual savings (include basis for estimate) Forms FD-122 and FD-122a have no listing for the Black Panther Party. When recommending a BPP member for Security Index or Reserve Index, the Field Office does so by checking a box marked BNT referring to Black Nationalist. Suggestion set forth above will allow SI and RI cards to accurately show a BPP member as such on these cards. When these forms were revised to add certain black extremist categories, the BPP was not as active as it is today. Now it is the most active of the black extremist groups and approximately 75 to 80 per cent of the black extremists included on the Security Index are BPP members.

ADDENDUM - DOMESTIC INTELLIGENCE DIVISION - 11/10/69 - LEB:bbr:

Suggester recommends forms FD-122 and FD-122a, used in connection with the Security Index and Reserve Index, be modified by adding block entitled BPP (Black Panther Party) and deleting block entitled RAM (Revolutionary Action Movement) in the space on the form showing organizational affiliation or nationalistic tendency. Suggester notes BPP affiliation presently shown in the block entitled BNT (Black Nationalist) and adoption of block for BPP will more precisely categorize those on Security Index or Reserve Index for BPP activities. He adds that since RAM is practically nonexistent, block for RAM should be deleted.

In completing the FD-122 and FD-122a for the Security Index or Reserve Index, present instructions in Section 87D of the Manual of Instructions require that appropriate blocks under the organizational affiliation or nationalistic tendency must be checked off as appropriate. In the case of members of the BPP at present it is necessary to check off the block for BNT. Since most of the individuals being recommended for the Security Index or Reserve Index who are active in the black militant field are members of the BPP, these members would be easily distinguishable on the Security Index or Reserve Index if the BPP block was utilized. The RAM is very inactive at the present time and it would appear that RAM block is of little use. It may be noted also that the suggestion should not be put into effect immediately but should be made effective upon the next printing of forms FD-122 and FD-122a.

In view of the above, it is recommended that the suggestion, as modified, be adopted. It is recommended further that comments of Division 3 be solicited in this matter.

Domestic Intelligence Division noted present instructions require
that appropriate blocks under the organizational affiliation or nationalistic

it is necessary at present to check off block for BNT. Since most of

Security Index - SI

The Department by letter dated November 19, 1969, approved our proposal that Priority III Security Index (SI) subjects be removed from the SI and maintained as a separate listing for possible use in the event of a national emergency. A letter has been prepared to all Special Agents in Charge advising them of this change in the handling of SI cases.

By memorandum dated October 28, 1969, it was suggested and approved that a letter be sent the Department recommending that Priority III SI subjects be removed from the SI since the Department felt only those individuals in Priority I and possibly Priority II of the SI would be apprehended for detention in the event of a national emergency. Apprehension of Priority III SI subjects was extremely remote. The removal of these Priority III subjects reduces the SI from a total of 10,849 to 2,379.

The letter to all Special Agents in Charge advises that Priority III subjects will henceforth be carried on a Rank and File Index (RFI) which will be handled completely within the Bureau. The criteria for including an individual on the RFI remains the same, basically, that such an individual must be a rank and file member of an organization considered subversive. This in no way means a lessening of our investigative attention regarding individuals in this category but is actually a concentration of our efforts in areas most essential to the internal security of the country.

The case on each RFI subject will be reviewed on an annual basis and verification of residence and employment will be made at that time as is the current practice. The Bureau need be advised only in the event changes are necessary. Any pertinent information may be submitted by letterhead memorandum. The regular submission of reports will not be required.

SUBJECT: SECURITY INVESTIGATIONS OF INDIVIDUALS - *Review*

SYNOPSIS:

Manual of Instructions (MOI) provides that cover pages of organizational reports in security matters must contain a statement that all individuals mentioned therein are on the Security Index or are informants. Exceptions to this statement and status of investigations regarding such individuals must also be set forth. A tendency has been noted on the part of the field not to set forth these exceptions and subsequent spot checks of Bureau indices indicate Bureau is not in possession of pertinent communications concerning individuals who should be subjects of security investigations. Failure of field to strictly comply with these instructions gives Bureau no assurance that security investigations of individuals are being opened where warranted and tends to create an administrative bottleneck at the Bureau in checking same.

RECOMMENDATION:

That the attached letter to all field offices, instructing field to adhere to above-cited manual provision and advising that field is solely responsible for initiating security investigations of individuals where warranted, be approved and sent to the Mechanical Section in order that appropriate copies be made.

Enclosure 2

Memorandum to
RE: SECURITY INVESTIGATIONS OF INDIVIDUALS

DETAILS:

Section 87E, 2b (4), page 83 of the MOI states in part that reports concerning organizations and movements which are under investigation from a security standpoint should include in the cover pages a statement that all persons named in the report as officers, leaders or leading activists are included on the Security Index or are informants or sources. Exceptions are to be noted and a statement made as to the status of investigations regarding each.

Purpose of the above manual provision is to insure that initiation of security investigations of individuals is receiving proper attention in the field and to facilitate administrative handling of the report at the Bureau.

Recently there has been noted a tendency on the part of some field offices to include the general statement as set forth above with no listing of exceptions. Subsequent spot checks of Bureau indices regarding names of individuals mentioned in the report deemed worthy of investigation fail to indicate these individuals have been subjects of security investigations. The Bureau has then had to follow with a communication to the field inquiring as to the status of investigations concerning such individuals.

Reports concerning active organizations and movements do, of necessity, contain the names of numerous individuals associated with related activity. For the Supervisor at the Bureau to check all such names appearing in these reports to insure that proper action is being taken by the field is not only burdensome and time-consuming, but also works an unnecessary hardship on the indices and file review sections of the Files and Communications Division.

In line with our current administrative streamlining procedures being adopted by this division, it is believed that now would be an appropriate time to place the field on notice that they are, in the future, being held strictly responsible regarding the initiation of investigations of names appearing in organizational reports where warranted. At the same time, the field will be instructed to adhere to the above-cited manual provision as this practice will, to a large extent, negate the necessity of requesting search slips and file reviews regarding individuals mentioned in these reports to insure that the Bureau is in possession of pertinent information.

these indices are preprinted at SOG and forwarded to the field. It takes very little time to check another index in a field office as compared to time and effort needed to make a new card at SOG each time a change occurs regarding an individual in that he is canceled from one index or the other. In addition, you could not always rely on information on card regarding this matter since a change could occur in a given situation before a new card could be produced and furnished appropriate offices. Training Division agrees and recommends idea not be approved.

Dear

Thank you for the suggestion that when a subject is included in two particular programs, a notation be placed on each index card pertaining to him regarding this fact. After evaluation, it has been decided this action is not warranted since the administrative duties involved in such a procedure would outweigh any anticipated advantage.

Although favorable action was not taken in this instance, I appreciate the thoughtfulness you displayed in submitting your idea to me.

INTERNAL SECURITY - CHINA

The subject, a Chinese alien, was approved for retention on the Security Index (SI) by Department letter January 21, 1966. By letter dated March 15, 1966, the Department advised that the Immigration and Naturalization Service had been requested to preposition the necessary documents calling for the apprehension of the subject when so instructed by the Attorney General.

According to available sources, the subject has not been active in any organization whose activities are inimical to the internal security of the United States since 1966. He also reportedly has become disenchanted with the government of Communist China as a result of the Cultural Revolution. He indicated a cooperative attitude when interviewed by Agents of the FBI on December 10, 1969, stating he was opposed to the government of Communist China because it had not fostered individual freedom and does not permit freedom of expression.

In view of the above, the subject has now been removed from the SI. You may desire to have the documents previously issued concerning the subject in connection with the Chinese Emergency Detention Program canceled.

SUBJECT: SECURITY INDEX - GENERAL
SUGGESTION 477-70 SUBMITTED BY
MRS. VIRGINIA RENTSCHLER
SPRINGFIELD OFFICE

(1) Michael
 (2) Lenoir, 5263
 (3) Butte, B-216

SUGGESTION: When Form FD-128 (Letter Changing Office of Origin in Security Cases) is next revised, suggests following statement be added under block captioned "Check the following applicable statements": "Dissemination made Secret Service locally re above information. (Two copies appropriate LHM attached herewith for Bureau.) Sample of revised format is attached to background material. If approved, suggests Manual of Instructions, Vol. III, Section 87D, item 7b, (9), (a), be revised under VI to include paragraph "Old Office of Origin is responsible for furnishing Secret Service locally with subject's new residence and business address."

CURRENT PRACTICE: The suggester notes that present instructions require the old office of origin to advise Secret Service locally of new residence and address and also contains rules regarding movement of subjects between offices and transfers of Security Index (SI) cards; however, instructions re advising of Secret Service by old office of origin are not presently included. (in the SECURITY INDEX SECTION OF MANUAL)

ADVANTAGES: feels the statement on Form FD-128 would insure appropriate forms are furnished SOG by old office of origin and new office of origin would be cognizant Secret Service has been advised. Revision of manual instructions would insure appropriate submission of forms by old office of origin.

OBSERVATIONS: SAC Springfield, felt the idea had merit as it would provide extra assurance that appropriate information concerning change of residence and employment has been furnished to Secret Service as an interested party.

UNRECORDED COPY FILED IN

4011

Domestic Intelligence Division pointed out Form FD-128 is used by the office of origin to designate another office as office of origin when a SI or Reserve Index (RI) subject is moving from one jurisdiction to another. This Division was of the opinion that the responsibility for local dissemination to Secret Service when a subject moves to the jurisdiction of another office, although now set out in the Manual of Instructions, would be further clarified if it would also appear in Section 87D, item 7b, (9), (a), inasmuch as this section deals specifically with the movement of subjects from the jurisdiction of one office to that of another, and for this reason recommended adoption. The portion of the idea to include a statement on the FD-128 that the old office of origin has disseminated locally to Secret Service would be further assurance to the new office of origin that the required dissemination has been made; therefore, it was recommended this portion also be adopted.

RECOMMENDATIONS: (1) That the suggestion be adopted and the attached letter of appreciation be forwarded to the suggester.

(2) On approval, this memorandum will serve as the authority for the Forms Management Desk and the Manuals Desk, Training Division, to take appropriate action.

ADDENDUM: DOMESTIC INTELLIGENCE DIVISION 2-27-70

Suggester recommends revision of FD-128 as follows:

Place residence and employment blocks side by side in order to facilitate handling at Seat of Government; add key facility data as this information is vital in amending Security Index cards; add two additional blocks, one to indicate that a copy of FD-128 is attached for the Identification Division in connection with Security Flash notice and the other block to indicate that subject is carried on the Reserve Index.

At the present time, FD-128 carries the residence address first, under which appears space for the business address. Key facility data and blocks to indicate copy of FD-128 furnished to Identification Division or to indicate subject is carried on the Reserve Index does not appear on the present FD-128.

Domestic Intelligence Division is of the opinion that the suggestion as presented would facilitate the handling of cases involving Security Index subjects and recommends that the suggestion be adopted at the next printing of the FD-128. A sample of the revised FD-128 is attached.

To: Director, FBI	From: (Suggester's name) Division of Assignment Domestic Intelligence
SUGGESTION To revise FD-305 to include in Item 1 a block to check regarding Reserve Index and to include Item 2a providing check-off blocks to indicate data on Reserve Index A or B is current or has been changed. These changes are necessary since the FD-305a relating strictly to the Reserve Index has been discontinued. This information will assist the field in keeping Reserve Index data current since the Reserve Index is no longer maintained at the Bureau. Attached is a copy of proposed revised FD-305.	
<i>Security Index - Gen</i>	
Current practice or rule (Include manual citation as well as facts) There is currently no space provided for data relating to Reserve Index.	
Advantages of suggestion and annual savings (include basis for estimate) The maintenance of Reserve Index A has been discontinued at the Bureau. All Reserve Index cases are now maintained solely in the field. Reserve Index forms have also been discontinued. Placing this information on the FD-305 will insure the Bureau that proper care and attention is being afforded such cases by the field whenever a Reserve Index case is reviewed by the field for any reason. This form is also utilized in changing office of origin in such matters and will provide the new office of origin with the assurance that current information is continued on the Reserve Index cards which will be transferred from the old office of origin directly to the new office of origin.	
Disadvantages of suggestion None known.	
(The use by the United States of my suggestion shall not form the basis of a further claim of any nature by me, my heirs, or assigns upon the United States. I understand that I will be considered for any justified award only if my suggestion is adopted within two years after submission.) <input type="checkbox"/> Mr. <input type="checkbox"/> Mrs. <input checked="" type="checkbox"/> Miss Signature and Title of Suggester

ADDENDUM: DOMESTIC INTELLIGENCE DIVISION 2-27-70

Suggester recommends revision of FD-305 to include in item 1 a block to check regarding Reserve Index status; to include in item 2 (a) providing check-off blocks to indicate that data on Reserve Index A or B is current or has been changed.

At the present time, there is no space provided for on the FD-305 regarding Reserve Index status.

At the present time, the maintenance of Reserve Index A has been discontinued at the Bureau, and Reserve Index A, as well as B, are maintained solely in the field. Adoption of the suggestion will insure the Bureau that proper attention is being afforded cases in the field where a Reserve Index subject is involved. The FD-305 is also used when changing an office of origin. In such case adoption of the suggestion will provide the new office of origin with assurance that the current information is contained on the Reserve Index cards which are transferred from the old office of origin to the new.

The Domestic Intelligence Division is of the opinion that this suggestion has merit and should be adopted at the next printing of the FD-305. A sample of the suggested revision of the FD-305 is attached.

Federal Bureau of Investigation
Washington, D. C.

Dear

Thank you for the suggestion that Form FD-305 be amended to include several additional items concerning a particular program. It is indeed a pleasure for me to advise you this proposal is being adopted and steps are being taken to place it into effect.

I appreciate the interest you displayed in submitting your idea to me.

Sincerely yours,

J. Edgar Hoover

(Suggestion 580-70 dated 2/24/70)

NOTE: Suggests Form FD-305 be revised to include in Item 1 a ballot box to check regarding "Reserve Index" and to include Item 2a to provide for checking ballot boxes to indicate data on "Reserve Index A" or "B" is current or has been changed. These changes are necessary since the FD-305a relating strictly to the "Reserve Index" has been discontinued. This information will assist field in keeping this data current since the "Reserve Index" is no longer maintained at SOG (sample of revised form attached).

rdm Domestic Intelligence Division advised adoption of the idea will insure Bureau that proper attention is being afforded cases in field where a "Reserve Index" subject is involved. The FD-305 is also used when changing an office of origin and in this instance it will provide

Letter to

NOTE Continued:

new office of origin with assurance that current information is contained on the "Reserve Index" cards which are transferred from the old office of origin to the new one.

This program is entirely within the responsibility of the Domestic Intelligence Division; therefore, it appears idea should be approved since it will aid in handling this program. On approval, this letter will serve as authority for the Forms Management Desk, Training Division, to take appropriate action.

Memorandum

DATE: April 17, 1970

FROM :

SUBJECT: SECURITY INVESTIGATIONS
OF INDIVIDUALS

Memorandum to dated March 31, 1970 (attached), recommended rescinding of the moratorium imposed in February, 1969, relative to certain security investigations of individuals. Questions posed by the March 31, 1970, memorandum and related letter to all offices, dated April 2, 1970 (copy attached) have been looked into in connection with the current inspection of the Domestic Intelligence Division. Inspection Division recommends that moratorium be continued until 1/1/71.

BACKGROUND:

On February 27, 1969, the Executives Conference approved a 6-month suspension of investigations in certain specified Security Matter - Communist cases and in the preparation of reports in cases involving Priority II and Priority III, Security Index subjects. This moratorium, which was imposed as a temporary expedient to make additional investigative personnel available for organized crime investigations, was extended on September 17, 1969, for an additional 6 months.

The moratorium has not affected Priority I, Security Index subjects, i.e., hardcore national and state leaders of subversive groups, and individuals with no organizational affiliations who are believed to pose an imminent threat to the internal security. Matters involving Priority II subjects (currently 2065 in that category), individuals considered to be less influential in subversive organizations and/or who hold positions of lesser influence, were affected by the moratorium in that verification of residence and employment was not required and the submission of reports was suspended. Cases relative to individuals in Priority III (representing about 8,286 cases), the category of Security Index subjects considered to be least dangerous, were affected by the moratorium in that these cases were not reopened and verification of residence and employment of the subjects was not conducted.

It is the view of the Domestic Intelligence Division that the revoking of the moratorium is desirable at this time in order to help regulate the size of the Security Index, in order that the whereabouts of the subjects of Priorities II and III may be brought up to date, and in order that the Department and other Government agencies with an interest may receive dissemination of information developed relative to current subversive activities of the subjects of Priority II cases.

Memo for
Re: Security Investigations of Individuals

OBSERVATIONS:

The setting of the moratorium on February 27, 1969, and its subsequent 6-month extension in September, 1969, have resulted in a cessation in the dissemination of reports relative to the over 2000 individuals who make up the secondary level of leadership in various subversive organizations. Further, imposition of the moratorium has caused the field to cease verifying the whereabouts of Priorities II and III subjects. However, in spite of the moratorium, the field has in many instances remained cognizant of the current whereabouts of those subjects through established sources, and, of course, it might be expected that the whereabouts of many of the subjects has remained unchanged through the moratorium period.

The rescinding of the moratorium would result in requiring the preparation and submission of reports in all Priority II cases (there are 2065 such cases) in which additional pertinent information had been developed since submission of the prior report, and would require the preparation and submission of an approved form or other correspondence in other instances. Further, lifting of the moratorium would cause the field to initiate investigation to verify the current whereabouts of the subjects in Priorities II and III (10,351 cases).

Subsequent to the initiation of the moratorium, approval was given, with the written concurrence of the Department, that the writing of reports on Priority III subjects would be suspended. The appreciable savings of Agent, stenographic and clerical man hours which resulted from this change would not be affected by a continuation of the moratorium, since reports on individuals in the Priority III category would still not be required.

The foregoing would indicate that the lifting of the moratorium would require the assignment of additional personnel to the Security Index program throughout the field, and that the additional communications generated in the field would impose an additional work load on Seat of Government clerical and supervisory personnel.

Rescinding the moratorium would increase the work load, both in the field and at Seat of Government. In view of additional manpower requirements relative to the Bureau's intensification of investigations of New Left terrorists, it would not appear that the rescinding of the moratorium is justified or advisable at this time. This intensification ordered by the Director will require a considerable manpower commitment and make necessary the reassignment of personnel, both in the field and at the Seat of Government, to this area of emphasis. Accordingly, the streamlining effect which has resulted from the imposition of the moratorium should be continued.

Re: Security Investigations of Individuals

RECOMMENDATION:

That the moratorium be continued until 1/1/71 at which time it can again be re-evaluated.

ADDENDUM: DOMESTIC INTELLIGENCE DIVISION 4/20/70

As we pointed out to the Inspector, the Department, which has the over-all responsibility for the administration of the Security Index Program, has not been advised as to this moratorium; nor has Secret Service, which receives the reports and current information as to the residence and employment of Security Index subjects.

If the above recommendation is approved, it is further recommended that the Department and Secret Service be advised by letter of the moratorium until 1/1/71 in view of the high priority need for manpower on investigations concerning organized crime and the intensification of investigations of New Left terrorists.

**PROGRAM FOR APPREHENSION AND

SAFETY OF THE UNITED STATES**

The intensification of investigative responsibilities in connection with organized crime matters and the activities of New Left terrorists has resulted in an increased manpower burden being placed on this Bureau.

Accordingly, it has been necessary to make several changes in the reporting of information concerning Security Index (SI) subjects who are included under the captioned program. These changes, set forth as follows, will remain in effect until January 1, 1971, when the situation will be reevaluated.

No reports concerning those SI subjects designated as Priority II will be prepared during this period. Further, no investigation will be instituted for the purpose of verifying the current residence and employment of subjects designated as Priority II or Priority III.

The foregoing changes do not affect the handling of those cases concerning subjects designated as Priority I.

This memorandum recommended that the moratorium affecting Priority II and Priority III cases be continued until January 1, 1971, when it will be reevaluated; and that the Department and Secret Service be advised of this situation. The Director approved these recommendations. Secret Service will be advised separately.

Subject: SECURITY INVESTIGATIONS OF INDIVIDUALS

The intensification of investigative responsibilities in connection with organized crime matters and the activities of New Left terrorists have resulted in an increased manpower burden being placed on this Bureau.

In connection with the above, it has been necessary to make changes regarding the submission of reports in routine security matter investigations. In addition, routine investigations will not be instituted for the purpose of verifying current residence and employment of security subjects. These changes will remain in effect until January 1, 1971, when the situation will be reevaluated.

As you are aware, copies of reports relating to security subjects have been furnished to you. You have also been advised when a change occurred in the residence and/or employment of these subjects. This information has been forwarded to you in order to assist your agency in fulfilling its responsibilities.

In view of the changes in our investigative procedures, such information will no longer be furnished on a periodic basis. In the event pertinent information does come to the attention of this Bureau regarding these security subjects, you will, of course, be advised.

SUBJECT: SECURITY INVESTIGATIONS OF INDIVIDUALS

On 2/27/69, the Executives Conference approved a six-month suspension of investigations in selected Security Matter - Communist cases as well as report writing in cases involving Priority II and Priority III Security Index subjects. This moratorium was imposed as a matter of temporary expediency in order to make additional investigative personnel available for organized crime investigations in the field. At the conclusion of the above six-month period, the moratorium was evaluated and on 9/17/69, a letter was sent to the field advising that this moratorium would remain in effect for an additional six months.

Priority I of the Security Index includes those individuals considered to be hard core national and state leaders of subversive groups and individuals with no organizational affiliation who are believed to pose an imminent threat to the internal security. Verification of residence and employment of individuals in this category are conducted every three months and reports submitted annually. Cases in this category have not been affected by the moratorium.

Priority II of the Security Index includes these individuals considered to be the second level of leadership in subversive organizations and individuals believed to be dangerous but in less influential positions than those included in Priority I. Verification of residence and employment in this category and submission of reports are performed on an annual basis. Cases in this category have been affected by the moratorium.

All other individuals in the Security Index are tabbed Priority III. Cases in this category have likewise been affected by the moratorium. Prior to 12/69, verification of residence and employment of these individuals was conducted on a yearly basis and reports were submitted every two years. In 12/69, for the purpose of streamlining our procedures, the Bureau, with the concurrence of the Department, instructed the field that in the absence of unusual circumstances, annual reports no longer need be submitted regarding Priority III subjects.

Memorandum to
RE: SECURITY INVESTIGATIONS OF INDIVIDUALS

As of 3/13/70, the Security Index contained 696 Priority I subjects, 2065 Priority II subjects and 8286 Priority III subjects. In view of the above-stated changes in procedures, should the moratorium be lifted at this time, no reports need be submitted in the 8286 Priority III cases, and reports need only be submitted on a periodic basis in the 2065 Priority II cases. This represents an approximate 73 percent reduction in report writing in these categories.

As the Bureau has gone on record in placing the above moratorium into effect, it would be in the best interests of the Bureau to similarly go on record, notifying the field that the moratorium has been suspended. Additionally, it is imperative that the moratorium be suspended to help regulate the size of the Security Index. Manual of Instructions requires that subjects, after five years of inactivity in a basic revolutionary group or three years of inactivity in a front group, be considered for Security Index deletion. As a result of the moratorium, no action has been taken by the field in this respect in the past year, and the Security Index has continued to grow. From March, 1969, to March, 1970, the security index has increased by over 800 names, principally because the necessary process of attrition has been suspended.

It is recognized the moratorium was necessary when instituted. It is felt, however, that now is the appropriate time for the moratorium to be rescinded not only to enable the Bureau to fulfill its responsibilities in the vital internal security field, but because lifting of the moratorium at this time will not create the burdensome increase in the workload of the field that would have existed had not the previously-stated changes in procedures been placed into effect.

Attached is letter to all field offices advising that the above moratorium has been rescinded.

RECOMMENDATION:

That the attached letter to all field offices, advising of the lifting of the moratorium, be approved and sent to the Mechanical Section in order that appropriate copies be made.

SUBJECT: SECURITY INVESTIGATIONS OF INDIVIDUALS

Occasioned by letters to all offices dated 2/24/69, 3/6/69 and 9/17/69, a moratorium was instituted and extended on routine Security Matter - Communist (SM-C) cases, certain changes were made in the frequency with which reports were to be submitted regarding Security Index (SI) subjects, the frequency of verification of residence and employment of SI and Agitator Index subjects was changed and all report writing relating to SI subjects in Priority II and Priority III was suspended pending further re-evaluation. By SAC Letter dated 12/23/69, the field was advised that reports no longer need be submitted on a periodic basis in the Priority III cases.

As a result of the recent inspection of the Domestic Intelligence Division, a memorandum from to dated 4/17/70, captioned "Security Investigations of Individuals" sets forth the results of the re-evaluation of the above moratorium. This memorandum, which has been approved, recommends that the above moratorium be continued until 1/1/71, at which time it will again be re-evaluated.

~~SECURITY INDEX PERIODIC TICKLERS~~

Periodic ticklers, which were previously described as "Annual Ticklers," have been maintained in order to post dates of current reports received on a periodic basis in Security Index cases. These were maintained in order that we may remind the field by Form 0-1 where periodic reports were not received when due. See 0-1

Inasmuch as periodic reports are no longer required in Priority III Security Index cases, no purpose remains for following these cases by tickler and, therefore, maintenance of Priority III periodic ticklers is being discontinued.

SUBJECT: SECURITY INVESTIGATIONS - SPECIAL AGENTS ASSIGNED

Gen'l

On memorandum from to dated 4/24/70, captioned as above, noted the figure of 715 Agents handling espionage investigations and 158 Agents handling old left investigations "seems awfully high," and the Director noted, "I certainly agree."

Memorandum to 4/27/70 noted that investigations of the old left include work on the Communist Party, USA, its youth groups, the Young Workers Liberation League; Socialist Workers Party, its youth group, Young Socialist Alliance; Workers World Party, its youth group, Youth Against War and Fascism; Progressive Labor Party, Revolutionary union and a multitude of other splinter groups, communist fronts, communist publications, communist infiltrated groups and miscellaneous complaints dealing with communists and over 300 informants who report on these organizations and their members. There are over 7,600 individuals on the Security Index because of their affiliations with these groups.

Addendum by stated that a teletype would be sent selected offices instructing them to justify personnel assigned old left matters except New York which is currently under inspection and thus will justify manpower so used to the Inspector. Attached is such a teletype.

SUBJECT: SECURITY INVESTIGATIONS - SPECIAL AGENTS ASSIGNED

My memorandum 4/28/70 enclosed teletype to 17 offices (both attached) calling for reassessment of manpower on Old Left matters on basis of absolute necessity rather than desirability. If justified, some manpower assigned Old Left matters was to be reassigned to New Left. New York which has 40 Agents assigned Old Left work was not included in survey since it is under inspection and will have to justify manpower use to Inspector.

Offices involved had 85.2 Agents on Old Left work. As result of survey, now have 70.5, a reduction of 14.7.

Attached is a tabulation, by office, showing Agents originally assigned Old Left, reduction and Agents currently assigned Old Left work.

We will continue to closely follow this matter to insure most effective use is made of manpower in the security field.

The purpose of this memorandum is to recommend changes in guidelines requiring the field to submit letterhead memoranda concerning travel abroad by individuals with subversive backgrounds.

Existing instructions require that the field submit letterhead memoranda in the following instances where information is obtained indicating travel abroad by security subjects:

- (1) Subjects of current security investigations or subjects having subversive activity in the past five years
- (2) Subjects in Security Index, Section A of Reserve Index, or the Agitator Index
- (3) Past security subjects who plan to remain abroad over six months
- (4) Past security subjects who, although inactive over five years, may be "sleepers," or where current information otherwise indicates a need for foreign coverage of an individual

To properly carry out the above, investigation which includes a review of passport records and inquiries concerning specific travel plans has been necessary in each instance to obtain sufficient data concerning travel plans for inclusion in the letterhead memorandum. The memorandum, which also includes a succinct summary of subversive data, is then transmitted to appropriate Legal Attaches to alert sources *ABROAD* 28 1970

The tremendous increase in subversives travelling abroad following a 1958 Supreme Court decision denying withholding of passports on grounds of subversive affiliations, plus the enormous task of investigating thousands of New Left, Marxist and racial revolutionaries, many of whom travel throughout the world, has placed an ever-increasing burden upon the field. Security Index, as well as those names maintained by the field in Section A of the Reserve Index, are of interest from a national security standpoint, it is felt they pose a lesser threat and do not require the intensive coverage of their travel abroad presently being afforded.

In view of the above and the existing moratorium on routine security matter - communist investigations within the United States, it is felt our guidelines should be changed, restricting submission of memoranda by the field to the following security investigations:

- (1) Subjects of current security investigations
- (2) Subjects in the Agitator Index and Priorities I and II of the Security Index
- (3) Other past security subjects who may be "sleepers" or in an underground capacity, or where current information otherwise indicates a need for foreign coverage of an individual.

Memorandum

TO :

DATE: May 21, 1970

FROM :

SUBJECT: 0 SECURITY INVESTIGATIONS OF INDIVIDUALS -
MORATORIUM ON SECURITY MATTER - COMMUNIST
INVESTIGATIONS

PURPOSE:

To obtain approval of the attached SAC Letter clarifying the existing moratorium on report writing on Priority I and Priority II Security Index cases and investigations of routine Security Matter - Communist (SM-C) individual case matters.

BACKGROUND:

The Executives Conference memorandum to dated 2/27/69, and letter to all offices of the same date spells out the intent and extent of the so-called moratorium concerning captioned matter.

Essentially, the following instructions were sent to the field:

1. Priority I - Annual reports instead of semi-annual. Quarterly verification of residence and employment continue.
2. Priority II - Annual reports continue. Verification of residence and employment annually instead of semiannually.
3. Priority III - Biannual reports continue. Verification of residence and employment annually instead of semiannually.

Those instructions continued, "In addition to the above, investigations, and particularly report writing, in routine SM-C cases throughout the field are being suspended for a period of six months at which time this suspension will be re-evaluated."

4035

Memorandum to
RE: SECURITY INVESTIGATIONS OF INDIVIDUALS -
MORATORIUM ON SECURITY MATTER - COMMUNIST
INVESTIGATIONS

Subsequently, on 3/6/69, a letter to all offices, the above instructions were broadened. This letter stated, "Effective immediately, report writing concerning all Security Index subjects in Priority II and Priority III is being suspended for six months." The field was advised to keep the Bureau promptly advised of pertinent developments.

These instructions were extended in time on 9/17/69 and on 5/4/70, effective to 1/1/71.

Over a period of time there have been questions raised by the field concerning various applications of the moratorium. For example, what is a routine SM-C case? (CPUSA member in Priority II or III) Does the suspension apply to all Priority II and Priority III cases? (No) Does the suspension preclude annual verification of employment and residence in routine SM-C cases? (Yes) Further, during the recent New York inspection a number of cases were closed which exceeded the ambit of the moratorium and required review and reopening to remain in compliance with existing instructions.

It is noted many active cases involving individual members of Students for a Democratic Society (SDS), Socialist Workers Party (SWP) and its youth affiliate Young Socialist Alliance (YSA) and Progressive Labor Party (PLP) are contained in Priority II and Priority III. The moratorium does not apply to these cases as to suspending investigation of them. Reporting restrictions, however, do apply.

While efforts have been made through In-Service lectures and correspondence with the field to clearly delineate the scope of the moratorium, clear, concise, definitive instructions are needed at this time to insure uniform application of instructions by the field, at the Seat of Government and during inspections.

Issuance of clarifying instructions is particularly essential at this time to insure manpower is expended consistent with approved policy established at the Bureau concerning priority of areas of investigative need. We are hard-pressed to assign adequate personnel to New Left terrorism and must insure maximum productivity of Agent personnel in desired areas of work.

(D) SECURITY INVESTIGATIONS OF INDIVIDUALS - MORATORIUM ON SECURITY MATTER - COMMUNIST (SM - C) INVESTIGATIONS -- Recent field inspection shows need to reiterate prior instructions regarding current moratorium on SM - C investigations. Moratorium was initiated by Bureau letter to all offices dated February 27, 1969, and extended by letters dated September 17, 1969, and May 4, 1970, captioned "Security Investigations of Individuals." Moratorium will be reevaluated January 1, 1971.

Routine SM - C investigations are not to be conducted during moratorium. Do not open cases for verification of residence and employment of subjects in SM - C cases which have been placed in Priority II or III of Security Index where cases were closed in line with existing instructions. Note these instructions apply only to routine communist investigations. Due to extreme radical, anti-United States and violent nature of Marxists, anarchists and pro-Chinese revolutionaries who largely make up such organizations as Progressive Labor Party, Weatherman faction of Students for a Democratic Society, and Socialist Workers Party and its extremist youth group, Young Socialist Alliance, moratorium does not apply to investigations of these individuals. Further, you must remain aware of whereabouts of those extremists under Emergency Detention Program.

Discuss above with appropriate personnel to be certain routine SM - C cases are not investigated during moratorium. Equally insure your responsibilities are met in the more violent and revolutionary cases in security investigations of individuals.

**LIAISON WITH PASSPORT OFFICE
DEPARTMENT OF STATE**

We have in the past on a quarterly basis made available to ~~Mr. Johnson~~, General Counsel, Passport Office, Department of State, a list of individuals included in Priority I of the Security Index. Priority I includes hard-core national and state basic revolutionary organization leaders and leaders of other subversive organizations and unorganized groups who have indicated a propensity for violence or have received special training in sabotage, espionage or guerrilla warfare. This serves as a check list against issuing U. S. passports.

The practice of furnishing similar lists was originally approved by memorandum A. H. Belmont to Mr. Ladd dated 12/8/50. This practice was again approved by memorandum ~~to Mr. Johnson~~ dated 11/25/68, wherein it was recommended and approved that the Priority I list be made available to ~~Mr. Johnson~~ in place of the lists of top functionaries and key figures, which lists are no longer available since the re-evaluation of the Security Index in May, 1968. This list, which is prepared by the Automatic Data Processing Unit, will be very useful as the Department of State alerts the Bureau to contemplated travel abroad by subversives.

ACTION:

- 1) That the enclosed Priority I list prepared as of May 15, 1970, be furnished to Mr. Johnson by liaison with the understanding that it is to be held in the strictest confidence by him at all times in his office safe and is to serve only as an alert list upon which State can take no action but must contact us for reports.
- 2) That the prior list furnished ~~to Mr. Johnson~~ be retrieved and returned to ~~Mr. Johnson~~ for destruction.

SECURITY INDEX GENERAL

Form FD-128 is used to change office of origin in security and racial investigations. Manual of Instructions, volume III, section 87D, page 27a, provides that, if a security flash notice has been placed against the subject's identification record, a copy of FD-128 should be prepared for the Identification Division in order that its records will show the new office of origin. Captioned form presently contains the following two items pertaining to this action which must be checked:

A security flash notice has been placed with the Identification Division and a copy has been designated therefor.

Extra copy attached for the Identification Division.

Since the last item listed above is a duplication of the first item, it is proposed that these two items be consolidated and appear as follows on this form:

A security flash notice has been placed on subject and a copy of this form is being designated for the Identification Division for appropriate action.

It is also proposed that the words "Subject on Reserve Index" under the items to be forwarded to the new office of origin be changed to read "Reserve Index Cards," since the cards are sent to the new office of origin and this wording is more appropriate.

SUBJECT: SECURITY INDEX SUBJECTS RESIDING
IN MEXICO

DATE: 7/2/70

Handwritten: Berrington

Reference list of Security Index subjects residing in Mexico furnished by Bureau routing slip 4/22/69.

Since this office is not origin for any Security Index subject residing in Mexico, requirements do not include the 5 x 8 card normally maintained by an office of origin on which pertinent data regarding the subject is recorded. It is felt that a similar system would be of assistance to this office as it would be regarded as a ready reference for identifying the subjects which would include their category as designated by the office of origin, appropriate file numbers, residence and employment and any additional pertinent data which might be necessary to increase its value as a reference.

UACB, this office will begin maintaining such a list on 3 x 5 cards and these cards will be maintained by this office in a safe location under secure conditions as this matter warrants.
